**Review on the Administration
of Local Government for the
year 1351 F.**

REVIEW ON THE ADMINISTRATION OF LOCAL GOVERNMENT FOR THE YEAR 1351 FASLI.

Local Government Enactments under the Constitutional Reforms.

1. Of the A'ins prepared to constitute the reformed code of Local Government legislation envisaged in the Gazette Extraordinary of 12th Shahrewar 1348 F., the Village Panchayats A'in received the sanction of His Exalted Highness during the year.

PART I.

Municipalities and Town Administration.

2. Local taxes under the Local Cess Act of 1309 F. were levied in 69 towns with a total population of 9,71,314 (1941 census). These include the following 15 towns where Municipal Committees with a non-official majority have been established:—

- | | |
|----------------|----------------|
| 1. Aurangabad. | 9 Osmanabad |
| 2. Jalna | 10 Mominabad. |
| 3. Nander. | 11. Bidar. |
| 4. Latur. | 12 Khammamet. |
| 5 Raichur. | 13. Bir. |
| 6. Gulbarga. | 14 Karimnagar. |
| 7 Warangal. | 15 Yadgir. |
| 8 Nizamabad. | |

Statement "A."—Receipts of municipal and other towns.

(N.B.—The figures of 1350 F. are shown in brackets).

3. The total receipts were:—

	Rs.	Rs.
(1) Income from local taxes	11,69,534	(11,07,091)
(2) Income from other local sources	5,68,601	(5,42,569)
(3) Grants from G.L.F.	1,66,346	(1,53,317)
(4) Grants from Dewani	84,816	(68,507)
(5) Grants from other sources	4,067	(..)
Total	19,93,364	(18,71,484)

4. Para 4 of the Review of 1350 F. stated that on a careful consideration of the financial position of the towns and the District funds, General Local Fund grants to towns were provided for the 5 years ending 1354 F. when the whole question of continuing these grants would again be reviewed: under the new A'ins towns have to make themselves more self-supporting and cease to look so much to grants of this kind.

5. *Government grants*.—An annual *diwani* grant of one lakh is given to towns, out of which

(a) Rs. 50,000 is set apart for the pay and allowance of Sanitary Inspectors and is credited to the Dominions Local Government Service Account (as Sanitary Inspectors are included in the Dominions Local Government Service);

(b) Rs. 45,000 is distributed annually among the smaller district headquarter towns which are unable out of their own resources to provide civic amenities of the standard required for a district headquarters as contributions towards the cost of maintaining these Sanitary Inspectors on the Dominion Local Government cadre; and

(c) Rs. 5,000 is a special grant to the Baghat District Board.

The actual *diwani* grant in 1351 F. according to Statement (A) was Rs. 84,816 (68,507). It should have been Rs. 45,000, but by mistake the grant for Sanitary Inspectors was credited to town funds in some towns instead of to the Dominions Local Government Service Account.

6. *Water Works and Drainage*.—Government bears from half to three-quarters of the capital cost of the construction of water and drainage works in district towns according to whether water is supplied by gravitation or by pumps. For these works an annual *diwani* grant of Rs. 5 lakhs is made. The remaining cost is ultimately met by the towns themselves, but Government advances the towns' share as loans to be repaid in 28 annual equal instalments at 4 per cent. interest. The sanctioned works are executed under the control of the Special Engineer working under the directions of the Water Board. During 1351 F. the expenditure on District Water Works and drainage amounted to Rs. 10,44,143 (Rs. 8,11,309). Water and drainage works at Jalna, Aurangabad, Latur, Raichur, Nander, Warangal, new water-supply schemes at Tuljapur,

Seram, Osmanabad, Chincholi and Mominabad and the remodelling of the Gulbarga water-supply and drainage schemes were completed in previous years at estimated costs of:

Rs. 11,35,000, Rs. 6,65,000, Rs. 9,45,000, Rs. 12,75,000, Rs. 7,12,000, Rs. 16,90,000, Rs. 2,76,000, Rs. 37,000, Rs. 1,00,000, Rs. 48,700, Rs. 2,88,000, Rs. 3,66,000 and Rs. 2,35,000 respectively.

Water-supply and drainage schemes for Nizamabad, Seram, Adilabad, Bodhan, Mahbubnagar and Yadgir, a supplementary water-supply scheme for Gulbarga, and the Chincholi drainage scheme were under construction in 1351 F. at estimated costs of:

Rs. 8,85,000, Rs. 45,240, Rs. 6,43,220, Rs. 2,14,500, Rs. 3,90,000, Rs. 3,74,000, Rs. 4,32,000 and Rs. 34,500 respectively.

As in para 7 of the 1350 F. review, it is necessary again to draw attention to the failure of certain towns to maintain adequately drainage schemes executed and handed over to them. Government have made it known that unless proper provision is made for this, budgets will not be sanctioned, and they expect Subedars and the official chairmen of local bodies to give the matter sustained and close attention. Failure to maintain drains, besides endangering public health and wasting public funds is also a breach of the spirit of the conditions under which Government undertook to finance such schemes.

7. The total income of municipalities and other towns during 1351 F. excluding loans and grant was Rs. 17,38,135 (Rs. 16,49,660) the increase being Rs. 88,475 or 5 per cent.

8. The income from local taxes was Rs. 11,69,534 (Rs. 11,07,091), an increase of Rs. 62,443 or 5.6 per cent. that from other sources was Rs. 5,68,601 (Rs. 5,42,569), the increase being Rs. 26,032 or 4.7 per cent.

9. The figures below indicate the income from local taxes in lakhs of rupees for the last five years:—

<i>Year.</i>	<i>Collection.</i>
1347 F.	.. 10.61
1348 F.	.. 10.25
1349 F.	.. 10.55
1350 F.	.. 11.07
1351 F.	.. 11.69

Thus except in 1348 F. there has been a steady increase of income from year to year. It is hoped that this increase will be maintained and the Committees and the officers concerned will continue to build up local taxation to an adequate level.

10. Column 48 of the appended Statement 'A' indicates the incidence of taxation per head of population. This also includes *barbardari-patti* and market cess, the burden of which falls mostly on non-residents of the towns. The only taxes the burden of which falls directly on the residents of the towns are house, light and vehicle taxes. The incidence of income per head of population is indicated in Col. 49. For the five years ending on 31-12-1349 F. Raichur topped the list, but in 1350 F. Latur had the highest incidence of taxation (Rs. 2-15-9 per head). The incidence of 47 other towns in decreasing order of incidence is as under:

		Rs.	a.	p.	Rs.	a.	p.

46.	Chinnur	0	8	6	(0	7	2)
47.	Moram	0	8	4	(0	8	11)

It is clear that except in Latur and Raichur local taxes did not reach the standard necessitated by the increased population and the growing needs of each town.

11. In the remaining 22 towns the incidence of taxation is below Re. 0-8-0 and in some towns it is even below Re. 0-2-11. This low collection is partly due to bad collection, but chiefly to inadequate taxation. The attention of the Subedars and the Talukdars has again to be invited to para 13 of the last year's Review in which official chairmen were invited to take the necessary steps to increase the incidence where it is less than eight annas by levying new taxation in conformity with the rules in force and also to adopt prompt measures to improve collections by a more vigilant control of the collecting agencies. But comparing the figures of 1351 with those of 1350 F., Government is displeased to notice the decrease in the large majority of towns and the very small improvement in other towns. Government requires that real attention should be paid to this without further delay. The new Municipal and Town Committees will no longer be able to draw on District Board General Balances, and must, if they are to succeed, work on adequate finance based on sound and sufficient taxation.

12. The main sources of income are house, light and *barbardari* taxes.

1. The income from house tax was Rs. 3,27,687 (Rs. 3,15,405), an increase of 3.8 per cent.

2. The income from light tax was Rs. 3,21,954 (Rs. 3,06,876) an increase of 4.9 per cent.

3. The income from *borbardari-patti* was Rs. 3,77,700 (Rs. 3,85,674), a decrease of 2.1 per cent. The reason for this decrease should be examined.

13. The income from vehicle and animal tax was Rs. 40,547 (Rs. 41,066), a decrease of 3.7 per cent. The income fell in 35 towns and rose in 34 towns. The chairmen of the local bodies whose income indicates a fall should concert effective measures to prevent evasion and ensure prompt payment of the tax.

14. The income from market tolls was Rs. 32,724 (Rs. 41,223). The decrease of Rs. 8,299 is due to the fact that the income from several markets has been handed over to the Market Committee, the Market Act having been promulgated in those towns.

15. *Other Miscellaneous Sources.*—The income from halting fee was Rs. 4,325 (Rs. 4,229). Ferries fetched Rs. 2,016 (Rs. 1,892). The income from licence fees was Rs. 748. Rent of houses, markets and slaughterhouses earned Rs. 44,458. The income from rent of other lands was Rs. 39,479. Travellers' bungalows yielded Rs. 18,289 (Rs. 29,143), gardens Rs. 2,791 (Rs. 4,087), sale of lands and buildings Rs. 85,031, other sales Rs. 4,221, fairs, festivals and exhibitions Rs. 5, cattle-pounds Rs. 6,059, fines Rs. 1,576, income from sale of unclaimed property Rs. 5, sales of night soil and rubbish Rs. 16,768 (Rs. 15,277), miscellaneous Rs. 44,034 and other miscellaneous Rs. 28,722.

16. The income from general water tax was Rs. 62,155 and the income from private pipe connections was Rs. 2,70,056 (Rs. 1,97,316).

Statement "C".—Demand and Collection.

17. According to last year's review the arrears due were Rs. 6,28,591 but the final adjustment of the accounts raised this figure to Rs. 7,17,257. Out of this a sum of Rs. 1,45,471 or 20.3 per cent. (20.5 per cent.) was collected and a sum of Rs. 29,407 written off and a balance of Rs. 5,42,379 still remains to be collected. This year the percentage of collection has decreased even though para 19 of last year's review specially directed strenuous efforts to improve collection. The authorities concerned must realise that

such large arrears are a serious reflection on their efficiency, and must speed up collections if necessary temporarily increasing the collecting staff.

18. Out of the current demand of Rs. 18,11,925, Rs. 15,72,995 or 86.8 per cent. (86.2 per cent.) was collected. Though the percentage is slightly improved still the collection on the whole is not satisfactory. Such poor collections must adversely affect not only the execution but also the maintenance of many works of public utility which depend entirely on the local finances. Accumulated balances carefully and steadily built up, should not be depleted by bad collection. Subedars must pay special attention to this during their tours of inspection and report slackness at once to Government. If official chairmen cannot do better, they might as well make way for non-officials. The arrears have increased in:—

Details of demand and collection in other towns are given in Statement 'C.'

19. A comparison of the collection in towns of each district indicates that Nizamabad stands first with 98 per cent; Karimnagar and Osmanabad equal second with 92 per cent. each, and Warangal and Mahbubnagar equal third with 91 per cent. These are the only districts which have attained the standard of collection regarded by Government as satisfactory, i.e., 91 per cent. or more. As last year, this year also Medak District had the lowest percentage of collection of 74 per cent. and the 79 per cent. collection in Nander District is also most unsatisfactory. The achievement of 100 per cent. collection by Jan-gaon, Kalamnuri, Udgir, Moram and Gangawati towns is most commendable. Of the 16 Municipal Committees, collections in Nizamabad 99 per cent. and Khammam 97 per cent. are satisfactory. Of the towns with unsatisfactory collections, Manvi (32 per cent.), Kohir (35 per cent.), Pat-tan (37 per cent.), Vijapur (24 per cent.), and Medak (45 per cent.) clearly call for the special and immediate attention of the Talukdars and Subedars concerned. Nander and Medak Dis-tricts were unfavourably mentioned in para 2 of last year's Review. The explanations of the offi-cials concerned should be taken.

Statement 'B.'—Expenditure of Municipal and other Towns.

20. The total expenditure including loans, de-posits and advances was Rs. 22,36,574 and the total income Rs. 22,43,095. This year for the first

time amounts pertaining to deposits and advances have been included in the total income and expenditure as a consequence of the introduction of a new type of statements.

21. *General Administration and Collection charges.*—The expenditure on central charges was Rs. 1,04,080, on municipal offices Rs. 60,646 and on collection establishment Rs. 66,336.

22. *Public works.*—The expenditure on general P.W. establishment was Rs. 2,788.

23. *Roads.*—The expenditure decreased from Rs. 3,98,588 to Rs. 3,24,095. Statement 'B' shows that nothing was spent on roads at Deodrug, Moram, Tuljapur, Ahmadpur and Kalamnuri. No roads however so quickly wear out as town roads.

24. *Buildings.*—The expenditure decreased from Rs. 1,91,068 to Rs. 1,00,800. As in the previous years this amount was spent mostly on markets, slaughterhouses and chowdies.

25. *Drainage.*—The expenditure increased from Rs. 26,189 to 26,966 excluding the expenditure incurred on the construction of drainage works by the District Water Works Department.

26. *Conservancy and Public Health.*—Conservancy expenditure increased from Rs. 4,29,200 to Rs. 4,63,160. There are few places where the conservancy arrangements have reached the desired standard. The incidence of expenditure under this head works out only to Re. 0-7-8 (Re. 0-8-7) per head of population.

27. The expenditure on epidemic diseases was Rs. 6,648, fairs, exhibitions and festivals Rs. 2,954 and child welfare Rs. 337.

28. *Public Convenience and Public Safety.*—The lighting expenditure increased from Rs. 1,92,974 to Rs. 2,09,457.

29. *Markets and Slaughterhouses.*—The expenditure decreased from Rs. 27,939 to Rs. 13,791.

30. *Sarais, Chowdies and Rest-houses.*—The expenditure was Rs. 17,247.

31. *Gardens.*—The expenditure increased from Rs. 14,671 to Rs. 25,415 and the income was Rs. 2,791 (Rs. 4,087).

32. *Water Works.*—The decrease in expenditure on water-supply (excluding the expenditure incurred on construction of the major schemes executed by the District Water Works Department) from Rs. 3,84,300 to Rs. 3,12,441 is unsatisfactory. This includes the amounts spent on the maintenance of the major water works constructed in big towns as well as construction and maintenance of wells, etc., in small towns. Statement "B" shows that nothing was spent on water-supply in Jagtiyal, Siddipet, Bhongir, Shorapur, Adilabad, Parli, Armur, Madhol, Chinnur, Bhainsa, Koratla, Suryapet, Jangaon, Kodangal, Mukkhed, Kohir, Ahmadpur, Kalamnuri, Qandahar, Jogipet and Asifabad towns. A decent water-supply is one of the primary needs of civilisation.

33. *Miscellaneous.*—The expenditure on acquisition of land and buildings, printing, cattle pounds and other miscellaneous was Rs. 82,775.

34. *Town balances.*—When 1350 F. accounts were finally adjusted the year 1351 F. opened with a balance of Rs. 22,49,259. The closing balance was Rs. 22,55,780.

35. *Deposits.*—Column 43 of Statement 'A' and Column 39 of Statement 'B' indicate the income and expenditure figures of deposits during 1351 F.

PART II.

District Administration.

36. Statement D & D-1, give the details of income and expenditure of the districts.

37. *Local Cess*,—12 *pies*.—The income on *khalsa* lands was Rs. 18,43,994, on *jagir* lands Rs. 2,183 and on other non-*khalsa* lands Rs. 2,528.

38. Market tolls fetched Rs. 907 and market fees Rs. 118.

39. *Income from other fees.*—The income from fees for private market licences was Rs. 100 and other fees Rs. 247.

40. *Rent and Income from Property apart from Taxation.*—The income from rent of houses was Rs. 4,756, from rent of lands and weekly markets Rs. 12,031, from rest-houses, sarais and chauris Rs. 2,852, from gardens Rs. 21, from sale of lands and buildings Rs. 22,373, from sale of other things Rs. 2,481, from festivals, fairs and exhibitions Rs. 3,677, from animal and vehicle stands Rs. 132 and from miscellaneous Rs. 42,292.

41. *Income from Special Acts.*—Ferries fetched Rs. 32,826 (Rs. 31,002) and cattle pounds Rs. 80,827.

42. *Grants and Contributions.*—The income from grants was Rs. 34,552 and from other sources Rs. 15,272. District reports received are silent about the nature of these grants: future reports must give details.

43. *Other Fines and Penalties.*—The income was Rs. 36,379.

44. *Debt and Extraordinary.*—The income from other loans was Rs. 32,262, deposits Rs. 1,02,965 and advances Rs. 10,700.

45. The total income was Rs. 23,37,775.

46. The total expenditure was Rs. 28,40,686 as detailed below:—

47. The collection charges increased in proportion to the increase in receipts.

48. *Roads.*—The expenditure on works excluding establishment charges was Rs. 2,47,250 (Rs. 2,68,454).

49. *Buildings.*—The expenditure on works, excluding establishment charges was Rs. 1,00,598 (Rs. 1,53,929) and spent mostly on construction of chauris and markets.

50. *Opening and Closing Balance.*—The total opening balance was Rs. 91,92,636 (Rs. 86,87,528) and the closing balance was Rs. 86,89,725 (Rs. 87,15,111). Statement 'D-1' appended to the review indicates a total expenditure of Rs. 28,40,686 against an actual income of Rs. 23,37,775. The excess expenditure was utilised from the balances. This is satisfactory.

PART III.—GENERAL.

51. *Primary School Building Scheme.*—In the year 1348 F. Government sanctioned a five-year scheme costing Rs. 40.50 lakhs for the construction of primary school buildings in villages which have a population of 1,000 and above for the expansion of primary education in the Dominions. The Building Programme was entrusted to the Special Engineer, Local Funds, assisted by a Special Executive Engineer. During 1351 F. approval was given to the programmes of Nizamabad and Mahbubnagar Districts and works were in progress in Warangal, Karimnagar, Nalgonda, Parbhani, Nander, Osmanabad, Bidar, Raichur, Nizamabad and Mahbubnagar Districts. The following statement indicates the number of schools completed and in progress in several districts to the end of Aban 1351 F., and the expenditure incurred.

Serial No.	Name of District	No. of schools as per sanctioned programme	No. of schools completed	No. of schools under construction	No. of schools not started	Expenditure incurred to end of 1351 F.

10	Mahbubnagar	13	..	1	12	..
	Total ..	447	44	163	240	4,73,997 14 6

52. At the commencement of the year (1351 F.) out of the sanctioned programme 42 works were in progress and 192 works not started. At the end of the year (1351 F.) 44 works were completed, 163 in progress and 240 not started.

53. Against the allotment of Rs. 12,36,053 the expenditure was Rs. 6,41,053 (Rs. 1,28,071) and the percentage of establishment charges to expenditure on works worked out to 13 per cent. (48 per cent.), which is satisfactory.

54. *Boring Section.*—During 1351 F., 27 bores were sunk in different parts of the Dominions, 12 for Government departments, one for Industrial, one for Agriculture and 13 for private parties. These bores were carried out in hard rock and other places where ordinary wells had to be sunk to a great depth, their cost being prohibitive and execution difficult with uncertain results.

55. *Town Planning Activities.*—During 1351 F. various district town improvement and extension schemes were prepared, and several were sanctioned by Government. Acquisition of houses is in progress at Purna, Hingoli, Nander and Mahbubnagar. Some interesting model village schemes under Nizamsagar Project were almost completed in Makloor, Donkal, Nasarulabad villages. At Aurangabad, Warangal and Nizamabad, irregular and narrow streets have been improved under sanctioned plans by widening and removing encroachments and awkward road junctions. Town extension works have been started in Aurangabad, Warangal, Adilabad and Mahbubnagar districts. Detailed lay-outs for housing district officers, labour colonies, shopping centres and markets were prepared for Adilabad, Latur, Parbhani, Hingoli and Aurangabad. The war has however restricted the active operations of the Town Planning Section.

56. Reviewing local government activities in general, Government desire to record their appreciation of the good work done during 1351 F. both in many towns and districts for the betterment and improvement of local conditions by the Presidents and Chairmen and other members of District Boards and Municipal and Town Committees. In particular it would mention the good work of Messrs. Mohiuddin Ahmed Razvi, H.C.S., and Zahir Ahmed H.C.S., in Nizamabad, Habib Mohomed, H.C.S., and Rai Eknath Pershad in

Karimnagar, Mustafa Ali Khan and Mir Abid Ali Khan, H.C.S., in Osmanabad, the late Mr. Mohommed Ghausuddin, H.C.S., and Rai Ram Lal in Warangal and of Rai Barkat Rai and Mr. Habib Mohommed, H.C.S., in Mahbubnagar. The thanks of Government are due to Mr. C. C. Paul, M.I.C.E., O.B.E., Special Engineer, Local Funds, Mr. Samiullah Shah, Special Engineer, District Water Works and Mr. Fiazuddin, Town Planning Officer, for the valuable help and advice they have given to the local bodies and the Government.

57. Finally Government welcome the fact that district officers and members of the District Boards, Municipal and Town Committees are taking a keener and still growing interest in effecting improvements both in towns and villages and that in this they are receiving the growing co-operation of the people. But town improvements and new works without equal attention to the enhancement of low assessments and to collection of taxes constitute a danger to financial stability. This review reveals the failure of many towns to spend lighting taxes on lighting to spend enough on conservancy and adequately to keep up drainage works. Day to day efficient administration is not as exciting or immediately obvious in its effect as new buildings, new roads and buildings and slum-clearance but it is the indispensable foundation of all progress and without it the various new works will become an insupportable burden on the District and Municipal finances.

By Order of Government,
Revenue Department,
 C. J. W. LILLIE,
 REVENUE SECRETARY.
